

Theater Etiquette

(Etiquette means polite behavior.)

Help keep our theater clean...

Turn off your cell phone...

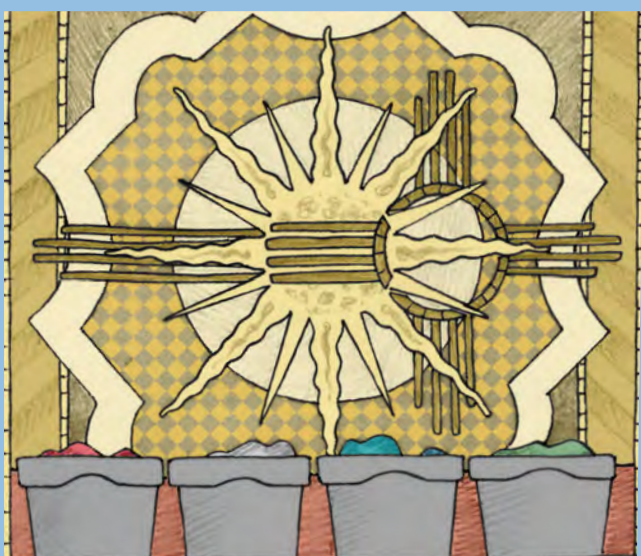

Please buy a ticket for everyone, regardless of age...

Enjoy food and drink before entering the theater...

Be on time for the performance...

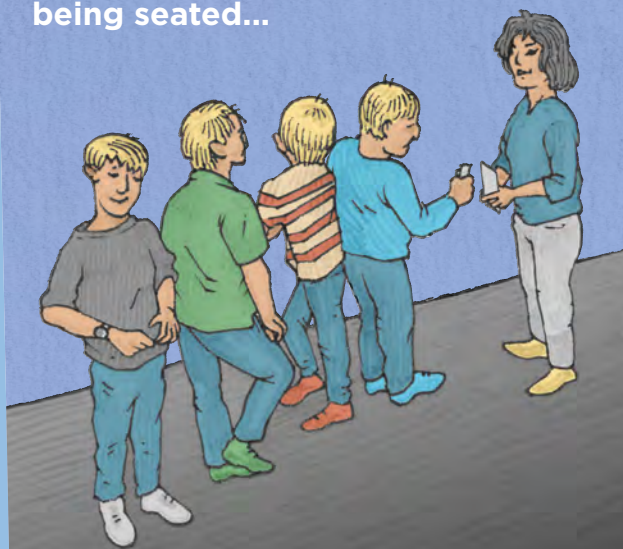

Place your lunch or backpack in the bin...

Leave drinks in the lobby...

Check in with house staff before being seated...

Let everyone enjoy the performance...

Music, theater, dance, and opera performances are collaborative arts. This means they require many people to work together: the directors, the performers, and the audience. Live performances will transport you to other times and places, but to do so, they require you, the audience, to listen, observe, discover, and imagine.

Make sure an adult accompanies you to the restroom after you've been seated...

Please listen for important announcements!
